LAURA HOULDSWORTH looks at the elements that make up the busiest room in the house – from units and worktops to storage larders and cookers

*The range of paints
at Plain English

'Pretty Pickle'*

Specialising in handmade wooden cabinets, **PLAIN ENGLISH** has its own paint colours – this kitchen designed with Harding & Read features 'Boiled Dishcloth' white, 'Starched Apron' blue and 'Pretty Pickle' green. Kitchens cost from £25,000. 020-7486 2674; plainenglishdesign.co.uk ▷

The 'Albemarle' kitchen from **MCCARRON & CO** has a strong geometric style featuring a mixture of materials including wood and brass with Corian worktops. A similar kitchen would cost from £35,000. 020-7584 5736; mccarronandco.com

The 'Autograph Elements' design from **WREN KITCHENS** sits perfectly in this space. I like the fusion of aubergine-coloured cabinets with the wood-effect island, which has a bank of cupboards. Fully built units in this configuration cost from £5,219. wrenkitchens.com

New to **LIFE KITCHENS**, the 'Hidden Kitchen' is a compact design including a fridge-freezer, steam oven, induction hob, extractor, dishwasher, sink and tap – all incorporated behind retractable veneered panelling. From £25,000. 020-3972 0150; life-kitchens.co.uk

DEVOL's 'Real Shaker' kitchen has units painted in 'Trinity Blue' with a 'Lagoon Silestone' work surface. The butcher's block is painted in 'Damask' and topped with aged copper. A similar kitchen would cost from £12,000. 01509-261000; devolkitchens.co.uk ▷
